

EKRA POLES

**Designed to last
No matter the conditions**

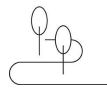

Balancing structural performance with modern architectural expression, the EKRA features seamless one-piece construction designed to withstand demanding outdoor conditions. Its shockproof steel-expanse-resin composition delivers the strength of metal with the resilience of advanced composite materials.

UV-stabilized color throughout the material eliminates the need for repainting, while corrosion-free construction ensures long-term reliability with minimal upkeep.

Applications: modern streetscapes, pedestrian corridors, mixed-use projects
