

Solar wall lighting

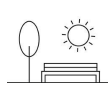

GIO POLES

**Designed to last
No matter the conditions**

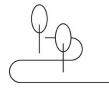

With a clean contemporary profile and durable seamless construction, the GIO is engineered for reliable outdoor lighting performance in demanding environments. Its advanced composite material system resists corrosion, impact, and UV exposure while maintaining long-term visual consistency.

Integrated Class II insulation and maintenance-free construction support safe, efficient operation across a wide range of public applications.

Applications: commercial developments, pathways, urban landscapes

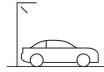

Park & Garden

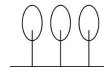

Hiking Trails

Places

Car Park & Rest

Pathways

Campsites
